ALL STARS WIN 5-1.

Small Crowd Watches Slow Game With Rosendale at Riffe's Park Yesterday.

A small crowd watched the All Stars defeat Rosendale 5 to 1 at Riffe's park yesterday afternoon. The game was slow and without any brilliant playing.

In the sixth inning Rosendale took Pryor out of the box, but could not prevent the All Stars from taking the game. Carmichael struck out ten men, and hit three in succession. The first one was hit on the right foot, the second on the hip and the third on the shoulder.

POLICE COURT IS BUSY TODAY.

Combination of Saturday, Pay Day First of the Month and John Barleycorn is Bad.

The men who were arrainged and pleaded guilty to charges of drunkenness were: John Doe, fined $5 and costs; Thomas Ashbrook $10 and costs Lesley Ogal, $5 and costs and Orval Donaldson, $5 and costs.

F. M. HUNT ON VACATION TRIP.

Salesman is One of Eight to Be Given Extensive Trip by Employers.

Francis M. Hunt of this city, a traveling salesman for the Barton-McElwean Shoe company, started Saturday in company with seven fellow salesmen on an extensive eastern trip, given by the Barton-McElwean people to the eight salesmen making the highest sales record for a year, and the award came as a surprise to the men.

The party goes by the way of Chicago, where a stop is made; to Boston, and there is met by S. O. and K. Y. Barton of the company, who entertain them for the week. The return includes a boat trip from Boston to New York and a sight seeing trip at all places of interest, including Washington, D. C., on the way.

Before starting on his trip Mr. Hunt came to Maryville and spent a few days with his mother, Mrs. M. Hunt, and with his children, who make their home with their grandmother.

LIST OFFERED BY COLUMBUS Y. M. C. A. IS LONG.

A BUSINESS MEN'S CLUB

Persons Living in County Are Eligible to Membership at Cheaper Rates—Women Use Swimming Pool.

The use of the gymnasium when a class is not on the floor; class instruction under a physical director; use of shower baths and swimming pool all year; medical and physical examinations; hand ball; stand and kick ball, basket ball, bowling alleys, pool and billiard tables, chess, checkers and other games; fifty magazines, daily and weekly papers; a correspondence table with free stationary; social rooms; dormitories, educational and bible classes; clubs, receptions, entertainments and practical talks; employment bureau, and Sunday gospel meetings—all this is just a list of advantages offered by the Columbus, Neb., Y. M. C. A.

Columbus is a town of 6,000 population, and the Y. M. C. A. has been built at practically the same expense as the proposed one here will cost. And like the one at Fremont, Neb., from which S. H. Kemp received a report a few days ago, it receives a large income from its dormitories.

One feature of the Columbus association is a Business Men's club. It has a membership of fifty-nine, and the annual fee is $4. This admits the members to the noon business men's class or the 5 o'clock class three times a week, at which special physical training is given, the regular club meetings, at which civic and political questions are dis-

1200 VISIT ROOMS

TWELVE OTHER STATES REPRESENTED IN REGISTRATION.

MORE DONATIONS MADE

New Quarters Scarcely Open Until Their Value is Proved—Regular Hours, 9 A. M. to 6 P. M.

Maryville's new rest rooms for women will be advertised from coast to coast, for of the 1,200 persons who registered at the formal opening and reception Saturday, twenty-six were from twelve other states. New York, California, Illinois, Montana, Arkansas, South Dakota, Pennsylvania, Iowa, Indiana, Oklahoma, Nebraska and Kansas were represented.

All day long, until 9 o'clock at night, the visitors crowded the rest rooms, and everyone was surprised at the comfort and beauty which had been made to replace the former dark hole under the court house. In fact, several persons, immediately upon seeing the rooms, donated more fixtures. E. L. Townsend gave a water cooler; the Engelmann Greenhouses, two large ferns; Mrs. Clark Andrews a large oleander which will be placed at the southeast entrance; Judge John G. Thornhill, two nickel-plated liquid soap-holders; the Barbour hardware company, an ice pick; a clubwoman gave another wicker chair, and William Everhart will furnish free ice. When the mite box was opened $8 were taken from it.

The rooms were hardly opened Saturday when they proved their value. A woman with a small child got off the morning Burlington train and asked the bus driver where she could find some place to stay, as she had to wait until the 7:11 Wabash train in the evening. The driver took her to the rest rooms, where she remained all day. Another woman from a nearby town was there all afternoon and part of the evening. She comes to Maryville every week for medical treatment and has to wait for the Wabash train going east about 9 o'clock before she can get home. The long wait has changed from a dreaded thing to a pleasure, she said.

The rooms will be kept open now regularly every week day from 9 o'clock in the morning until 6 o'clock at night, except Saturday and special days, when they will remain open until 9 p. m. They will not be open on Sunday.

The persons who registered from out of town, 281 of them, are:

Francis Rogers, Trenton; Lena Graham, Bogard; H. D. Craft, Pukwana, S. D.; Mary Landis, Sheridan, Ruth Flanagan, Bogard; Lena Landis, Sheridan, Cecil Bayliss, Sheridan; Miss Ethel L. Archer, Elmo; Zella Barton, Parnell; F. C. CHANGE IS ASKED

CHURCH MEN WANT HOME COMING AT EARLIER DATE.

CONFERENCE, OCT. 7-12

Reason Stated is That Accommodation Cannot Be Provided—Commercial Club Has Not Acted.

An effort is being made to change the dates of Maryville's Home Coming. This is because of a conflict with the Methodist Episcopal Church Conference, scheduled to meet here October 7 to 12.

This is to be a conference of all Methodist churches in the state, north of the Missouri river. Bishop Thirkifield of New Orleans, La., is to preside at the conference, and between 300 and 400 delegates are expected to attend. With this addition to the number of persons from out of town that week, the local church officers think rooming accomodations will be overcrowded, and as the conference does not start until a day later than the Home Coming, they think they will be unable to provide for their delegates.

It is because of this reason and the further one that the Home Coming will detract from the conference, that the change in the Home Coming dates is proposed.

The church men just today presented this plan to the officers of the Commercial club, suggesting that the Home Coming be put a week earlier. The club has not yet had time to act and make known its attitude in regard to the change.

If the Home Coming cannot be changed, one of the church officers said today that the conference might just as well be taken away from Maryville.

The Maryville District Conference of the church begins its two-day session at Burr Oak church, near Skidmore, tomorrow. The Rev. Gilbert S. Cox of Maryville will speak tomorrow night on the subject "The Challenge of Home Missions and Church Extension."

Lester-Lindsey Company Tonight.

The Lester-Lindsey Tent Theater company arrived in Maryville last night. They open their week's stay tonight, presenting the four-act comedy drama "The Whirlpool," with vaudeville between the acts. The tent is pitched on the Kelly lot, East Third street.

THE WEATHER

THE SUMMER SCHOOL'S VALUE

Dr. A. E. Winship of Boston Tells Normal Students It Is Necessary to Success.

Dr. A. E. Winship, editor of the Journal of Education, published at Boston, Mass., spoke to the Normal school students during the assembly hour this morning of the value of Summer schools.

"The summer school is a distinct institution," said Dr. Winship, "and we do not as yet realize the significance of the summer teachers' training school."

The speaker said that it was estimated that more than 100,000 teachers were in some sort of summer school this year, or that one out of every five teachers in the United States was taking work this summer which would make him more efficient in his future work. Some states realizing the importance of the summer school work, pay the tuition of their teachers at these summer schools.

"I firmly believe," said Dr. Winship, "that the work of the summer school does more for the faculty of the institution than anything else, that the institution derives proportionately more good than does the schools which are later taught by the summer school students. One simply cannot get the atmosphere of the summer school and at the same time maintain the traditionalism of the school room."

He continued to say that we are just beginning to realize that one does not get an education in four years study at any college or university. No man is ever a success educationally, who does not keep up studying.

"Scholarship, unmixed with life," said Dr. Winship, "is never a success. A man who is all scholar will always be a hunt educationally. In other words, a balanced ration, or a variety of experiences, is absolutely essential if a person is to be of the greatest good to the community and to the state in an educational way."

Dr. Winship will remain at the Normal school until Wednesday evening, lecturing each morning in the assembly and also taking charge of the educational administration class each day.

This is the last of a series of lectures which have been given at the Normal school this summer.

POLLS OPEN FROM 7 'TIL 7:01

Little Interest Being Taken in Primary—Newspapers Will Get Returns at Courthouse.

At the primary election to be held tomorrow, when the various parties will select their nominees, the polls will open at 7 o'clock in the morning and close at sunset in the evening, or 7:01 oclock.

All the ballots have been distributed to the twenty-three precincts in the county, and everything is ready for the election.

It is expected that the vote will not be as large as it was two years ago. While an active campaign has been made, especially between candidates on the Democratic ticket, still there seems to be very little interest in the election, except among the friends of the various condidates. There are several close contests in the Democratic race, according to the leaders, and it is hard to foretell the result.

Election returns will be received tomorrow evening at the court house by The Democrat-Forum and The Tribune.

Eldora Guest Leaves.

Miss Nelle Hollied of Eldora, Ia., who has been visiting Miss Golda Roelofson for the past week, left this afternoon for a visit with relatives at Barnard and St. Joseph, after which she will go to Weston for a week's stay.

"Refused."

"Refused Notice." Every editor has received them. The postmaster sends them to the editor. For instance, there is a man by the name of John Blank, who refused to take his paper out of the postoffice. He did not want it any longer, and we wondered what was the matter. Upon investigation of our subscription book we found that John was short $5.70. He stopped the paper as a matter of economy to us. One evening we went to church and John's melodious voice rang out loud and clear in that soul stirring song, "Jesus Paid It All." We might have been mistaken, but his earnestness impressed us. The next day we sent him a receipt in full, begging his pardon for not knowing he had made arrangements for his liabilities in that manner.—Ex.

GERMANY INVADES FRANCE

Two Forces Working Way to Paris.

RUSSIANS CROSS LINE.

Czar's Column Clashes With Kaiser's Troops on German Soil.

INVADING PATROL IS REPULSED

Two Squadrons of Cossacks Riding Toward Johnnesburg.

London, Aug. 3.—A late dispatch from Paris says that two officers and twenty men of a German patrol were killed at Longwy and that the German attack was repelled.

London, Aug. 3.—The German invasion of France has begun.

Two German forces are now converging from the east in the direction of the French capital. German troops have crossed the French frontier at a point near the village of Cirey, between Nancy and Strassburg, and the German soldiers who invaded the grand duchy of Luxemburg, neutral territory between Belgium and Germany, are reported as marching on the French fortified town of Longwy.

The German force which came into France near Cirey, which is forty miles from Nancy, is reported to have been repulsed with heavy losses, but this has not yet been confirmed.

Apparently, the Germany army is duplicating the first movement of the Franco-Prussian war. It was on Aug. 2, 1870, forty-four years ago, that the French and Germans clashed in the first battle of that war at Saarbrucken, when the prince imperial, under the orders of the emperor, received his famous "baptism of fire."

It would appear that Germany is taking the fullest possible advantage of its supposed superiority in rapid mobilization over France. The plan of the German emperor, according to military observers, is to vanquish or attempt to vanquish France in the interval before Russia will be able to create serious trouble on its northern frontier. It is supposed that Russian mobilization will take about three weeks.

One German force crossed the French frontier near the village of Cirey, between Nancy and Strassburg, and another German detachment, probably the Twenty-ninth infantry, invaded the grand duchy of Luxemburg, neutral territory, between Belgium and Germany, and continued its march on the French fortified town of Longwy. A dispatch from Brussels said there was good reason to believe this force later in the day entered France.

Russians Cross German Line.

Berlin, Aug. 3.—A Russian patrol crossed the German frontier near Eichenreid, in Posen, and attacked the German guard at the railroad bridge near the Warthe. Two German soldiers were slightly wounded.

The above information was issued by the German imperial staff. The attack was repulsed. The staff also announced the crossing of the frontier by a Russian column near Schwinden.

The above information, the staff adds, shows that Russia has invaded German territory and that war has actually begun.

The Russian column which crossed the frontier at Schwinden was accompanied by artillery.

A French aviator has been dropping bombs from an aeroplane in the neighborhood of Nuremburg, Bavaria, according to an announcement made by the German military authorities. In making this announcement the authorities added that this action was a crime against the rights of man, as there has been no declaration of war.

Emperor William came to Berlin from Potsdam. He traveled in an open automobile and was greeted on the streets of the capital by tumultuous cheering.

A telegram received here from Koenigsberg says a Russian patrol has entered Eydtkuhnen, on the Russian border. It advanced to Bilderweitschen, near Eydtkuhnen, where it destroyed the local postoffice. The enemy, according to this intelligence, crossed the border at several points.

ENGLAND MAY NOT TAKE PART IN WAR

Cabinet Decides Not to Send Expeditionary Force Abroad.

London, Aug. 3.—The Daily Chronicle says that the British cabinet has definitely decided not to send an expeditionary force abroad, but to make every honorable effort to prevent Great Britain from being drawn into the war.

It has been a day of the greatest suspense England has known in a century. The government took three measurers for defense. The naval reserves and naval marine pensioners were called out by proclamation; the territorials who had just assembled at the training camps for annual practice were ordered back to their headquarters; the home secretary prohibited air flights over the entire kingdom and territorial waters, except by military craft. All these measures are purely defensive.

Censors took charge of all the cable offices in the kingdom. All code messages were prohibited even to Australia. Telephonic communications with the continent were stopped entirely. The Brussels telephone, which was the last line working, is silent.

The king issued a proclamation declaring a moratorium for a month and the suspension of the banking act appears assured. Parliament probably will pass a bill for a loan for defensive purposes to the amount of $250,000,000. A rise in the price of foodstuffs is expected, although the board of trade has issued a reassuring statement that there is a wheat supply of four months.

SHELLS RUSSIAN PORT

German Cruiser Is Bombarding Naval Harbor at Libau.

Berlin, via Brussels, Aug. 3.—The small cruiser Augsberg has sent the following report to Berlin by wireless: "Am bombarding the naval harbor at Libau and am engaged with the enemy's cruisers. The naval port of Libau is in flames."

Libau is one of the principal seaports of Russia and is located on the Baltic sea, 100 miles or more north of the German coast. It is fortified and used as an arsenal by the navy.

Germans Meet Losses.

Arlon, Belgium, Aug. 3.—According to advices received here 100,000 German troops are crossing the grand duchy of Luxemburg and concentrating on the French frontier near Liege. Frontier engagements are reported, in which the Germans are said to have lost. More than 25,000 men are engaged in digging trenches in front of the German and French positions.

Debts Suspended In France.

Paris, Aug. 3.—A moratorium, suspending the payment of all debts in France until Aug. 31, was proclaimed by the minister of finance. The measure applies also to deposits and current accounts in banks. Depositors may withdraw only $50, and 5 per cent of their remaining balances.

French Flier Rams German Airship.

London, Aug. 3.—The Standard publishes a report that a French aviator, Roland Garros, met and engaged a German airship in midair, rammed and destroyed it.

Austrian Emperor Rumored Killed.

London, Aug. 3.—The Daily Chronicle publishes a rumor that Emperor Francis Joseph of Austria has been assassinated. This has not been confirmed.

Austria Suffers Defeat.

London, Aug. 3.—The Austrian armies are reported to have met a crushing defeat at the hands of the Servians.

CHAUTAUQUA CHURCH SERVICES

Five Protestant Churches Will Conduct Union Meetings on the Grounds Aug. 16-23.

There will be no services of any kind in any of the five Protestant churches of Maryville during the two Sundays of Chautauqua, August 16 and 23. This was decided at a meeting of the Ministerial Alliance this morning.

Instead, there will be morning union church services each of those days. These union services will be held in the auditorium tent on the Chautauqua grounds. The Rev. J. D. Randolph, pastor of the Buchanan street Methodist church, will preach one morning, and the Rev. Louis M. Hale, pastor of the First Baptist church, will preach at the other service.

Union Sunday school services will also be held on the grounds those mornings. A committee composed of the superintendent of each of the five schools will plan the program for the sessions.

The members of the Ministerial Alliance have taken up with the Chautauqua board the matter of admitting persons to these Sunday Morning services free, and it is probable that the board will consent to do this. All persons will have to pay if they remain for the afternoon chautauqua programs, however.

ALL STARS WIN 5-1.

Small Crowd Watches Slow Game With Rosendale at Riffe's Park Yesterday.

A small crowd watched the All Stars defeat Rosendale 5 to 1 at Riffe's park yesterday afternoon. The game was slow and without any brilliant playing.

In the sixth inning Rosendale took Pryor out of the box, but could not prevent the All Stars from taking the game. Carmichael struck out ten men, and hit three in succession. The first one was hit on the right foot, the second on the hip and the third on the shoulder.

F. M. HUNT ON VACATION TRIP.

Salesman is One of Eight to Be Given Extensive Trip by Employers.

Francis M. Hunt of this city, a traveling salesman for the Barton-McElwean Shoe company, started Saturday in company with seven fellow salesmen on an extensive eastern trip, given by the Barton-McElwean people to the eight salesmen making the highest sales record for a year, and the award came as a surprise to the men.

The party goes by the way of Chicago, where a stop is made; to Boston, and there is met by S. O. and K. Y. Barton of the company, who entertain them for the week. The return includes a boat trip from Boston to New York and a sight seeing trip at all places of interest, including Washington, D. C., on the way.

Before starting on his trip Mr. Hunt came to Maryville and spent a few days with his mother, Mrs. M. Hunt, and with his children, who make their home with their grandmother.

LIST OFFERED BY COLUMBUS Y. M. C. A. IS LONG.

A BUSINESS MEN'S CLUB

Persons Living in County Are Eligible to Membership at Cheaper Rates—Women Use Swimming Pool.

The use of the gymnasium when a class is not on the floor; class instruction under a physical director; use of shower baths and swimming pool all year; medical and physical examinations; hand ball; stand and kick ball, basket ball, bowling alleys, pool and billiard tables, chess, checkers and other games; fifty magazines, daily and weekly papers; a correspondence table with free stationary; social rooms; dormitories, educational and bible classes; clubs, receptions, entertainments and practical talks; employment bureau, and Sunday gospel meetings—all this is just a list of advantages offered by the Columbus, Neb., Y. M. C. A.

Columbus is a town of 6,000 population, and the Y. M. C. A. has been built at practically the same expense as the proposed one here will cost. And like the one at Fremont, Neb., from which S. H. Kemp received a report a few days ago, it receives a large income from its dormitories.

One feature of the Columbus association is a Business Men's club. It has a membership of fifty-nine, and the annual fee is $4. This admits the members to the noon business men's class or the 5 o'clock class three times a week, at which special physical training is given, the regular club meetings, at which civic and political questions are dis-

1200 VISIT ROOMS

TWELVE OTHER STATES REPRESENTED IN REGISTRATION.

MORE DONATIONS MADE

New Quarters Scarcely Open Until Their Value is Proved—Regular Hours, 9 A. M. to 6 P. M.

Maryville's new rest rooms for women will be advertised from coast to coast, for of the 1,200 persons who registered at the formal opening and reception Saturday, twenty-six were from twelve other states. New York, California, Illinois, Montana, Arkansas, South Dakota, Pennsylvania, Iowa, Indiana, Oklahoma, Nebraska and Kansas were represented.

All day long, until 9 o'clock at night, the visitors crowded the rest rooms, and everyone was surprised at the comfort and beauty which had been made to replace the former dark hole under the court house. In fact, several persons, immediately upon seeing the rooms, donated more fixtures. E. L. Townsend gave a water cooler; the Engelmann Greenhouses, two large ferns; Mrs. Clark Andrews a large oleander which will be placed at the southeast entrance; Judge John G. Thornhill, two nickel-plated liquid soap-holders; the Barbour hardware company, an ice pick; a clubwoman gave another wicker chair, and William Everhart will furnish free ice. When the mite box was opened $8 were taken from it.

The rooms were hardly opened Saturday when they proved their value. A woman with a small child got off the morning Burlington train and asked the bus driver where she could find some place to stay, as she had to wait until the 7:11 Wabash train in the evening. The driver took her to the rest rooms, where she remained all day. Another woman from a nearby town was there all afternoon and part of the evening. She comes to Maryville every week for medical treatment and has to wait for the Wabash train going east about 9 o'clock before she can get home. The long wait has changed from a dreaded thing to a pleasure, she said.

The rooms will be kept open now regularly every week day from 9 o'clock in the morning until 6 o'clock at night, except Saturday and special days, when they will remain open until 9 p. m. They will not be open on Sunday.

The persons who registered from out of town, 281 of them, are:

Francis Rogers, Trenton; Lena Graham, Bogard; H. D. Craft, Pukwana, S. D.; Mary Landis, Sheridan, Ruth Flanagan, Bogard; Lena Landis, Sheridan, Cecil Bayliss, Sheridan; Miss Ethel L. CHANGE IS ASKED

CHURCH MEN WANT HOME COMING AT EARLIER DATE.

CONFERENCE, OCT. 7-12

Reason Stated is That Accommodation Cannot Be Provided—Commercial Club Has Not Acted.

An effort is being made to change the dates of Maryville's Home Coming. This is because of a conflict with the Methodist Episcopal Church Conference, scheduled to meet here October 7 to 12.

This is to be a conference of all Methodist churches in the state, north of the Missouri river. Bishop Thirkifield of New Orleans, La., is to preside at the conference, and between 300 and 400 delegates are expected to attend. With this addition to the number of persons from out of town that week, the local church officers think rooming accomodations will be overcrowded, and as the conference does not start until a day later than the Home Coming, they think they will be unable to provide for their delegates.

It is because of this reason and the further one that the Home Coming will detract from the conference, that the change in the Home Coming dates is proposed.

The church men just today presented this plan to the officers of the Commercial club, suggesting that the Home Coming be put a week earlier. The club has not yet had time to act and make known its attitude in regard to the change.

If the Home Coming cannot be changed, one of the church officers said today that the conference might just as well be taken away from Maryville.

The Maryville District Conference of the church begins its two-day session at Burr Oak church, near Skidmore, tomorrow. The Rev. Gilbert S. Cox of Maryville will speak tomorrow night on the subject "The Challenge of Home Missions and Church Extension."

Lester-Lindsey Company Tonight.

The Lester-Lindsey Tent Theater company arrived in Maryville last night. They open their week's stay tonight, presenting the four-act comedy drama "The Whirlpool," with vaudeville between the acts. The tent is pitched on the Kelly lot, East Third street.

THE SUMMER SCHOOL'S VALUE

Dr. A. E. Winship of Boston Tells Normal Students It Is Necessary to Success.

Dr. A. E. Winship, editor of the Journal of Education, published at Boston, Mass., spoke to the Normal school students during the assembly hour this morning of the value of Summer schools.

"The summer school is a distinct institution," said Dr. Winship, "and we do not as yet realize the significance of the summer teachers' training school."

The speaker said that it was estimated that more than 100,000 teachers were in some sort of summer school this year, or that one out of every five teachers in the United States was taking work this summer which would make him more efficient in his future work. Some states realizing the importance of the summer school work, pay the tuition of their teachers at these summer schools.

"I firmly believe," said Dr. Winship, "that the work of the summer school does more for the faculty of the institution than anything else, that the institution derives proportionately more good than does the schools which are later taught by the summer school students. One simply cannot get the atmosphere of the summer school and at the same time maintain the traditionalism of the school room."

He continued to say that we are just beginning to realize that one does not get an education in four years study at any college or university. No man is ever a success educationally, who does not keep up studying.

"Scholarship, unmixed with life," said Dr. Winship, "is never a success. A man who is all scholar will always be a hunt educationally. In other words, a balanced ration, or a variety of experiences, is absolutely essential if a person is to be of the greatest good to the community and to the state in an educational way."

Dr. Winship will remain at the Normal school until Wednesday evening, lecturing each morning in the assembly and also taking charge of the educational administration class each day.

This is the last of a series of lectures which have been given at the Normal school this summer.

THE AMERICAN TOBACCO COMPANY

POLLS OPEN FROM 7 'TIL 7:01

Little Interest Being Taken in Primary—Newspapers Will Get Returns at Courthouse.

At the primary election to be held tomorrow, when the various parties will select their nominees, the polls will open at 7 o'clock in the morning and close at sunset in the evening, or 7:01 oclock.

All the ballots have been distributed to the twenty-three precincts in the county, and everything is ready for the election.

It is expected that the vote will not be as large as it was two years ago. While an active campaign has been made, especially between candidates on the Democratic ticket, still there seems to be very little interest in the election, except among the friends of the various condidates. There are several close contests in the Democratic race, according to the leaders, and it is hard to foretell the result.

Election returns will be received tomorrow evening at the court house by The Democrat-Forum and The Tribune.

Eldora Guest Leaves.

Miss Nelle Hollied of Eldora, Ia., who has been visiting Miss Golda Roelofson for the past week, left this afternoon for a visit with relatives at Barnard and St. Joseph, after which she will go to Weston for a week's stay.

"Refused."

"Refused Notice." Every editor has received them. The postmaster sends them to the editor. For instance, there is a man by the name of John Blank, who refused to take his paper out of the postoffice. He did not want it any longer, and we wondered what was the matter. Upon investigation of our subscription book we found that John was short $5.70. He stopped the paper as a matter of economy to us. One evening we went to church and John's melodious voice rang out loud and clear in that soul stirring song, "Jesus Paid It All." We might have been mistaken, but his earnestness impressed us. The next day we sent him a receipt in full, begging his pardon for not knowing he had made arrangements for his liabilities in that manner.—Ex.

GERMANY INVADES FRANCE

Two Forces Working Way to Paris.

RUSSIANS CROSS LINE.

Czar's Column Clashes With Kaiser's Troops on German Soil.

INVADING PATROL IS REPULSED

Two Squadrons of Cossacks Riding Toward Johnnesburg.

London, Aug. 3.—A late dispatch from Paris says that two officers and twenty men of a German patrol were killed at Longwy and that the German attack was repelled.

London, Aug. 3.—The German invasion of France has begun.

Two German forces are now converging from the east in the direction of the French capital. German troops have crossed the French frontier at a point near the village of Cirey, between Nancy and Strassburg, and the German soldiers who invaded the grand duchy of Luxemburg, neutral territory between Belgium and Germany, are reported as marching on the French fortified town of Longwy.

The German force which came into France near Cirey, which is forty miles from Nancy, is reported to have been repulsed with heavy losses, but this has not yet been confirmed.

Apparently, the Germany army is duplicating the first movement of the Franco-Prussian war. It was on Aug. 2, 1870, forty-four years ago, that the French and Germans clashed in the first battle of that war at Saarbrucken, when the prince imperial, under the orders of the emperor, received his famous "baptism of fire."

It would appear that Germany is taking the fullest possible advantage of its supposed superiority in rapid mobilization over France. The plan of the German emperor, according to military observers, is to vanquish or attempt to vanquish France in the interval before Russia will be able to create serious trouble on its northern frontier. It is supposed that Russian mobilization will take about three weeks.

One German force crossed the French frontier near the village of Cirey, between Nancy and Strassburg, and another German detachment, probably the Twenty-ninth infantry, invaded the grand duchy of Luxemburg, neutral territory, between Belgium and Germany, and continued its march on the French fortified town of Longwy. A dispatch from Brussels said there was good reason to believe this force later in the day entered France.

Russians Cross German Line.

Berlin, Aug. 3.—A Russian patrol crossed the German frontier near Eichenreid, in Posen, and attacked the German guard at the railroad bridge near the Warthe. Two German soldiers were slightly wounded.

The above information was issued by the German imperial staff. The attack was repulsed. The staff also announced the crossing of the frontier by a Russian column near Schwinden.

The above information, the staff adds, shows that Russia has invaded German territory and that war has actually begun.

The Russian column which crossed the frontier at Schwinden was accompanied by artillery.

A French aviator has been dropping bombs from an aeroplane in the neighborhood of Nuremburg, Bavaria, according to an announcement made by the German military authorities. In making this announcement the authorities added that this action was a crime against the rights of man, as there has been no declaration of war.

Emperor William came to Berlin from Potsdam. He traveled in an open automobile and was greeted on the streets of the capital by tumultuous cheering.

A telegram received here from Koenigsberg says a Russian patrol has entered Eydtkuhnen, on the Russian border. It advanced to Bilderweitschen, near Eydtkuhnen, where it destroyed the local postoffice. The enemy, according to this intelligence, crossed the border at several points.

ENGLAND MAY NOT TAKE PART IN WAR

Cabinet Decides Not to Send Expeditionary Force Abroad.

London, Aug. 3.—The Daily Chronicle says that the British cabinet has definitely decided not to send an expeditionary force abroad, but to make every honorable effort to prevent Great Britain from being drawn into the war.

It has been a day of the greatest suspense England has known in a century. The government took three measurers for defense. The naval reserves and naval marine pensioners were called out by proclamation; the territorials who had just assembled at the training camps for annual practice were ordered back to their headquarters; the home secretary prohibited air flights over the entire kingdom and territorial waters, except by military craft. All these measures are purely defensive.

Censors took charge of all the cable offices in the kingdom. All code messages were prohibited even to Australia. Telephonic communications with the continent were stopped entirely. The Brussels telephone, which was the last line working, is silent.

The king issued a proclamation declaring a moratorium for a month and the suspension of the banking act appears assured. Parliament probably will pass a bill for a loan for defensive purposes to the amount of $250,000,000. A rise in the price of foodstuffs is expected, although the board of trade has issued a reassuring statement that there is a wheat supply of four months.

SHELLS RUSSIAN PORT

German Cruiser Is Bombarding Naval Harbor at Libau.

Berlin, via Brussels, Aug. 3.—The small cruiser Augsberg has sent the following report to Berlin by wireless: "Am bombarding the naval harbor at Libau and am engaged with the enemy's cruisers. The naval port of Libau is in flames."

Libau is one of the principal seaports of Russia and is located on the Baltic sea, 100 miles or more north of the German coast. It is fortified and used as an arsenal by the navy.

Germans Meet Losses.

Arlon, Belgium, Aug. 3.—According to advices received here 100,000 German troops are crossing the grand duchy of Luxemburg and concentrating on the French frontier near Liege. Frontier engagements are reported, in which the Germans are said to have lost. More than 25,000 men are engaged in digging trenches in front of the German and French positions.

Debts Suspended In France.

Paris, Aug. 3.—A moratorium, suspending the payment of all debts in France until Aug. 31, was proclaimed by the minister of finance. The measure applies also to deposits and current accounts in banks. Depositors may withdraw only $50, and 5 per cent of their remaining balances.

French Flier Rams German Airship.

London, Aug. 3.—The Standard publishes a report that a French aviator, Roland Garros, met and engaged a German airship in midair, rammed and destroyed it.

Austrian Emperor Rumored Killed.

London, Aug. 3.—The Daily Chronicle publishes a rumor that Emperor Francis Joseph of Austria has been assassinated. This has not been confirmed.

Austria Suffers Defeat.

London, Aug. 3.—The Austrian armies are reported to have met a crushing defeat at the hands of the Servians.

CHAUTAUQUA CHURCH SERVICES

Five Protestant Churches Will Conduct Union Meetings on the Grounds Aug. 16-23.

There will be no services of any kind in any of the five Protestant churches of Maryville during the two Sundays of Chautauqua, August 16 and 23. This was decided at a meeting of the Ministerial Alliance this morning.

Instead, there will be morning union church services each of those days. These union services will be held in the auditorium tent on the Chautauqua grounds. The Rev. J. D. Randolph, pastor of the Buchanan street Methodist church, will preach one morning, and the Rev. Louis M. Hale, pastor of the First Baptist church, will preach at the other service.

Union Sunday school services will also be held on the grounds those mornings. A committee composed of the superintendent of each of the five schools will plan the program for the sessions.

The members of the Ministerial Alliance have taken up with the Chautauqua board the matter of admitting persons to these Sunday Morning services free, and it is probable that the board will consent to do this. All persons will have to pay if they remain for the afternoon chautauqua programs, however.
